## About the Foundation

The Northland Public Library Foundation is a separate, 501(c)(3) non-profit organization that provides ongoing funding support to assist the growing needs of the library.

Founded in 1985, it manages several fundraising efforts including an annual direct mail campaign and various book giving programs. It also provides planned giving opportunities.

The Foundation manages your donations through book giving programs, an annual fund, United Way, and capital campaigns. Bequests and gifts of appreciated stock and other income are invested to build a legacy of support for the library.

*Dear Community Member,*

The Northland Public Library Foundation builds financial support for the benefit of the Northland Public Library (NPL). In 2010, the Foundation was proud to fund many library programs to support community members' growing needs. Again we are asking you to support NPL, allowing us to continue our mission of empowering and encouraging lifelong learning and discovery throughout the communities we serve.
